MEDICINAL.

Despondency

Is often only a symptom of dyspepsia. In dyspepsia there is a loss of nutrition which is felt by brain as well as body; the mind grows morbid as the body loses vigor.

Doctor Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and associated organs of digestion and nutrition. It enables the proper nutrition of the body and restores mental cheerfulness as well as physical strength.

"For about two years I suffered from a very obstinate case of dyspepsia," writes E. E. Secord, Esq., of 13 Eastern Ave., Toronto, Ontario. "I tried a great number of remedies without success. I finally lost faith in them all. I was so far gone that I could not bear any solid food on my stomach for a long time; felt melancholy and depressed. One friend recommended your 'Golden Medical Discovery.' After a week's treatment I had derived so much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, and lungs.

Dr. Pierce's Pleasant Pellets stimulate the liver.

Can't you eat? O-hers can. Latest improvements in Teeth. One patent section Never falls down.

Call and have a set with the above improvements. Old loose and ill-fitting plates corrected in fit, durability and comfort perfectly true to nature.

REBELS DEFEATED.

The steamer Nicaragua, which arrived at New Orleans yesterday from Bluefields, having left there July 12, brings news that a force of rebels landed near that town on July 7, and after two hours' fighting were defeated by the government troops and captured. The town was perfectly quiet when the Nicaragua left, and no more trouble was anticipated.

The General Pinzon, the Colombian cruiser, arrived off Bluefields July 7. She had aboard a force of men, 400 or 500 in number, said to be Nicaraguan revolutionists, under command of General Reyes. The revolutionists came from Corn Island, which is forty miles offshore, and had been congregating there for several weeks to invade Nicaragua. The Pinzon took a large number of Nicaraguan refugees from Corn Island, and, finally landed them at the Bluefields bluff. The men were landed in small boats and were fired on while making a landing. They were somewhat demoralized by the fire from the fort.

The guns in the fort also opened on the Pinzon, which did not reply, but steamed off in the direction of Colon.

During the landing the revolutionists lost two killed and seven wounded and the government forces two killed and five wounded. The revolutionists were so demoralized that, after keeping up the firing for two hours, and making no impression on the fort, they offered to surrender.

It was found that General Reyes had not landed. As soon as the news of the invasion reached Managua, the capital of Nicaragua, President Zelaya hurried a force of men to the Atlantic coast, making most of the distance in small boats.

When the steamer Nicaragua left Bluefields the garrison there had been increased by a thousand soldiers, and it was felt that the revolutionists would make no further movement against the town.

The Nicaraguans say that a large number of revolutionists captured by them are Colombians.

ROMANTIC STORY.

A romantic story is that of John Davis, who, lies ill in a hospital at Fall River, Mass. Davis was found unconscious Monday night on the steamer Puritan, of the Fall River line. When he recovered he told a story of having his fruit plantation in Martinique ruined by the eruption of Mont Pelee, and of having gone to New York, where he was robbed of \$700, all of his possessions. Seven years ago Davis was one of the best known and most esteemed young men of Richmond Va. He belonged to many orders, and held the responsible position of bookkeeper for the large firm of Harvey, Blair & Co. But Davis got into bad company. He was arrested, charged with robbing his employers, convicted, and sent to the penitentiary for three years. While there a stranger visited the place, was struck with the appearance of Davis, and asked his name. Being told he grasped the hand of the convict and wept over him. When the term of the prisoner expired the stranger was waiting for him at the gate. He then confessed that he was the father of Davis, whom the latter had never seen. The elder Davis before the civil war married a Massachusetts lady. The pair became separated, and the husband hearing later that his wife was dead, married again at Raleigh, N. C. But on a trip North he met his first wife, the report of her death having been erroneous, and returned to live with her. He never saw his Raleigh wife again nor her child, who was John Davis. The wife lived in Richmond, and after her former husband found where she was, he sent her money anonymously until her death.

AFFAIRS IN THE PHILIPPINES.

Two hundred and nineteen bolones have surrendered in the island of Leyte and taken the oath of allegiance to the U. S. government. Unofficial reports indicate that there are scattered disturbances in the island of Samar. The insurrection element formerly commanded by Colonel Abuque, who surrendered some time ago, are organizing a so-called political party. They are levying taxes on the traders in the interior and the hemp farmers without authority. Three Americans died from the cholera in Manila Thursday, including Mr. Gibson, the wife of a syndicate there. Mr. Gibson arrived in Manila last Monday. The cordons of 1,200 members of the constabulary established by Captain Baker has cornered two bands of ladrones, killing a majority of them. The others either fight or surrender. Rear Admiral Wildes sent a gunboat Thursday night to search for any possible survivors of the customs service vessel Shearwater, which was wrecked off Southern Luzon during the typhoon of a day or two ago.

The street car employees in Richmond have accepted the decision of the arbitrators and returned to work.

STUNNED BY LIGHTNING.

Yesterday morning singled out several men in a crowd of 110 in Williamsport, Pa., who had taken refuge from a storm. They were bricklayers and stone masons, engaged on one of the big shops being erected at Oak Grove by the New York Central Railroad Company. The men took refuge in a big empty storeroom, leaving the front and back doors open. A bolt of lightning passed through both doors, and every man in the room was knocked down. Seven of the men were rendered unconscious, and physicians worked for hours before they showed signs of returning life. Charles Lenhart, one of the seven, had his shoe torn completely from his foot; William Rotter, of Midburg, had a deep gash several inches long cut in his chest. The clothes of several of the men were badly torn, and others seriously burned. Rotter is so badly injured that he cannot live.

THE SAME OLD STORY.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by Richard Gibson, druggist.

MOTHER ALWAYS HELPS IT HANDY.

"My mother suffered a long time from distressing pains and general ill health, due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now at the age of seventy-six, eats anything she wants, remarking that she feels as good as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. For sale by E. S.
